GANS ISSUES CHALLENGE TO FIGHT BRITT AGAIN

(By Associated Press.)
SAN FRANCISCO, November 1.—Al. Herford, manager, of the champion lightweight pugilist, said today:
"If Britt will fight Gans at Baltimore, my club will have up for sale \$15,000, and if Britt will meet Gans at 134 pounds at Chicago, I will give a side bet of \$10,000, and if he chooses I will always stand by him. Gans can do what he wants, and I will be glad to see him. I am not of the belief I will take any money for referee or Gans can do what he wants."

TRYING PERSONS FOR ANTI-JEWISH RIOT

(By Associated Press.)
GOMEL, RUSSIA, November 1.—The trial of the persons charged with being responsible for anti-Jewish riots here in September, 1903, is proceeding slowly and with open doors, and is attracting immense interest. There are eleven defendants and sixty-nine other persons who are under the same charges are being held under arrest. The prosecution attorneys are attempting to prove that the disorders of September 11, 1903, were in the nature of anti-Christian riots and not of an anti-Jewish character.
The total result of the rioting was three non-commissioned officers, two soldiers, two Jews and two Christians killed and four Christians and four Jews wounded. A number of policemen were also killed or wounded. About two hundred and fifty houses and shops of Jews were pillaged.

DEMOCRATIC PRICE

A Generous Response

Came as the result of our proclamation as to the many distinctive garments that were to be sacrificed. The discerning public seems to realize that what we advertise we always can exhibit to the very letter.

This sale of high-class garments still continues—a rare opportunity to secure choice and perfect Top Coats at about one-half value.

Black Silks are much spoken of by fashion exponents as waists, skirts or entire costumes.

The value we now show are unique as to finish and wearing qualities.

Peau de Cygne, Messaline and Louise we suggest at \$1.00.

Peau de Soie still holds its sway at 80c, \$1.00, \$1.25 and \$1.50. We have rare values of tested fibre.

Many choice Woolens for costumes we have just opened, with prominence given to many shadings and combinations of Browns.

It is a claim of ours, that we want to substantiate, that we have the best Taffeta at 49c ever seen in this market—all silk and of the chiffon finish.

Black Woolens always come to the front, and the new Batiste, Etamine and Voiles are favorites at 50c, 75c, 85c, \$1.00 and up.

At \$2.50 we have a Broadcloth, made on the Rhine, that usually sells at \$3.00.

Lace Collars of many shapes and patterns we have just opened. At 25c and 50c you will notice many rare examples.

These cool, crisp dais suggest the Blankets, that are one of our strong features. \$4.50 and \$5.00 will buy soft and sumptuous dainties that are made in our own Southland to our own order. Borders to suit any color scheme.

Remember us always in Gloves, all reliable products, and fitted to the hand.

"Peerless" Paper Patterns are winning friends, as they literally are what the name implies. No better at any price—5c, 10c, 15c.

PEACE NOW THE AIRSHIP CUTS CAPERS

Wonderful Performance Repeated With Success at St. Louis Fair.

(By Associated Press.)
ST. LOUIS, Nov. 1.—A second successful flight of the Baldwin airship was made at the World's Fair today, under the guidance of A. R. Knabenshue, of Toledo, O., who maneuvered the California arrow at will, high above the western portion of the exposition grounds, and descended in the stadium, adjoining the aerial concourse, amid the cheering thousands, after a flight of thirty-six minutes. Yesterday Knabenshue took the airship up to an altitude of two thousand feet, and circling around descended in the aerial concourse within 100 feet of his starting point. To-day he went up to an altitude of about 1,800 feet, and after directing the course of his aerial vessel at will, descended on the exact spot upon which he had decided to land.

For Reference.
The most important clause of that treaty provided that:
"Differences which may arise of a legal nature or relating to the interpretation of treaties existing between the two contracting parties, and which it may never have been possible to settle by diplomacy shall be referred to the Permanent Court of Arbitration and Board at The Hague; provided, nevertheless, that they do not affect the vital interests, the independence or the honor of the two contracting States and do not concern the interests of third parties."

All to Come in.
It is the opinion of the officials here that this convention does not in the hemisphere of the Monroe Doctrine. The treaty is to be followed very soon by one between America and Italy, and there is reason to believe that some progress already has been made in that direction. A similar treaty with Switzerland will come next, according to the present plan, and it is probable that a whole set of arbitration treaties will be negotiated.

MEXICAN VETERAN.

Remains Disinterred and Placed Under Monument.

(Special to The Times-Dispatch.)
TAMARON, N. C., Nov. 1.—To-day the remains of Colonel L. D. Wilson, of the Twelfth United States Infantry, will be disinterred and buried in the town cemetery and the monument erected to his memory by the citizens of Edgecomb county, placed over them.
In 1846, Colonel Wilson, a distinguished citizen of Edgecomb, raised a company of volunteers and joined the North Carolina Regiment in Mexico. Soon after, on his way to join his regiment he was taken sick and died at Vera Cruz. His remains were disinterred and brought to Turbott and buried in the old cemetery, disinterred and buried in the country at the old homestead. To-day they will be again disinterred and buried in the town cemetery and the monument erected 54 years ago on the court green to his memory by his fellow-citizens, will be placed over his remains. Colonel Wilson was a man of considerable fortune and left it to the poor of Edgecomb county.
On this beautiful common are two monuments, one representing the patriotism of '46 and the other the devotion and sacrifice of '94.

COUNTRY'S BLESSINGS

President Roosevelt Issues Thanksgiving Proclamation, Setting Apart the 24th.

A CLOSER COMBINATION

Effort Being Tried to Unite Personal Freedom With National Strength.

(By Associated Press.)
WASHINGTON, D. C., Nov. 1.—The President today issued the Thanksgiving proclamation, setting aside Thursday, November 24th, "to be observed as a day of festival and thanksgiving by all the People of the United States and abroad."

"By the President of the United States of America: A Proclamation:
"It has pleased Almighty God to bring the American people into safety and honor through another year, and in accordance with the long, unbroken custom handed down to us by our forefathers, the time has come when a special day shall be set apart in which to thank Him who holds all nations in the hollow of His hand, and the more thank we owe to Him, the more we are bound to thank Him for His goodness to us. During the century and a half of our national life we as a people have been blessed beyond all others, and for this we owe a special debt of gratitude to the Author of all blessings. The year that has closed has been one of peace with our own people, and with us as between us and all other nations. The harvests have been abundant, and those who work, whether with hand or brain, are prospering greatly. We have been enabled to do our duty to ourselves and to the world. There has been a time when religious and charitable efforts have been more evident. Much has been given to us, and much will be expected from us in the future. We may do the tasks allotted to us in no spirit of selfishness or rivalry, but with full and reverent realization that our strength is as nothing unless we are helped from above. Hitherto we have been given the peace and the strength to do the tasks allotted to us, and we are strengthened in the unending struggle to do our duty fearlessly and honestly, with gladness and thanksgiving, and respect for ourselves and with love toward our fellow-men. In this great republic the effort to combine national strength with personal freedom has been tried on a scale more gigantic than ever before in the world's history. Our success or failure in this endeavor will determine the future of the world. We are therefore, but for the future of all mankind, and every man or woman in our land should feel the grave responsibility resting upon him or her for the result. This success must depend upon the high average of our individual citizenship, upon the willingness of each of us to do his duty by himself and his neighbor.
"Now, therefore, I, Theodore Roosevelt, President of the United States, hereby appoint and set apart Thursday, the 24th of this November, to be observed as a day of festival and thanksgiving by all the people of the United States at home or abroad, and do recommend that on that day they cease from ordinary occupations and gather in their various places of worship or in their homes, devoutly to give thanks unto Almighty God for the blessings which have been conferred upon us as individuals and as a nation, and to beseech Him that in the future His divine favor may be continued to us, in wisdom whereof I have hereto set my hand and caused the seal of the United States to be affixed.
"Witness my hand and the seal of the United States at the city of Washington this 1st day of November, in the year of our Lord one thousand nine hundred and four, and of the Independence of the United States the one hundred and twenty-ninth."
THEODORE ROOSEVELT.

JOHN HAY, Secretary.
